

① Power law distribution.

Relation between two quantities, .

80-20%

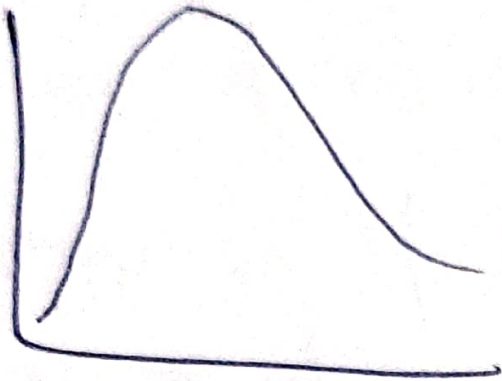

Eg :- IPL

① 20% of Team is responsible for winning 80% match

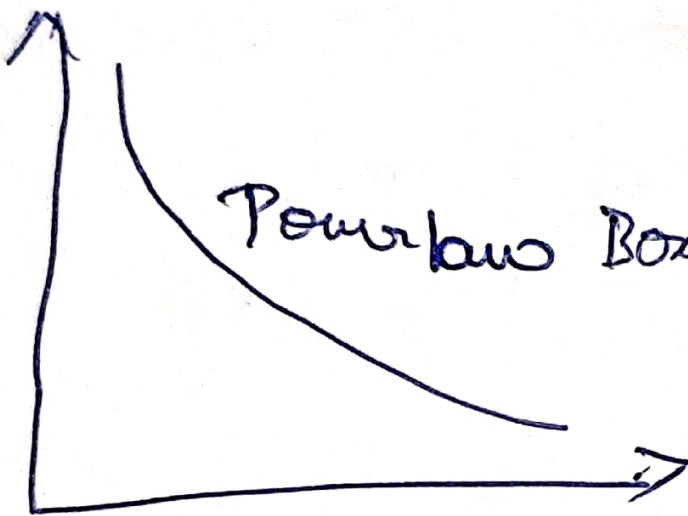

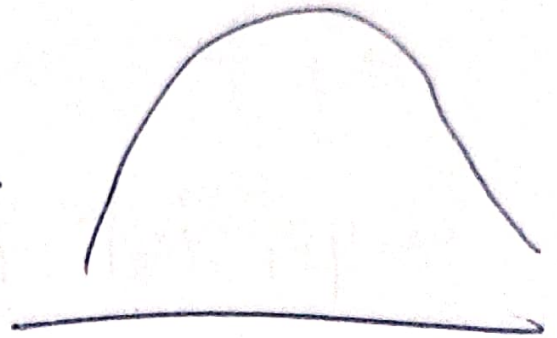

② 80% of wealth are distributed with 20% of the total population

③ 80% of oil is with 20% of the nation.

20% of the

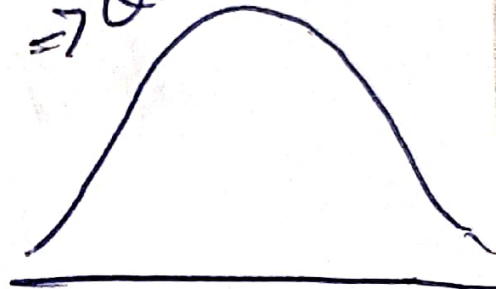

$\ln(x)$
 $\Rightarrow$

Power law Box Cox

$\Rightarrow$ Transform

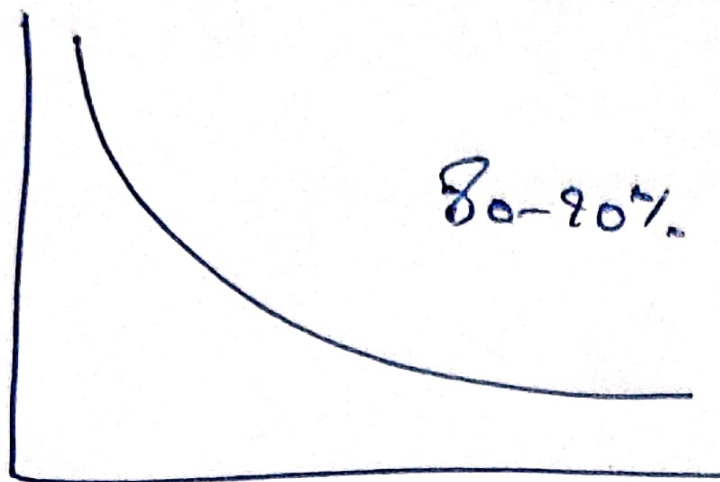

(Validation)
 $\Rightarrow$ QQ plot

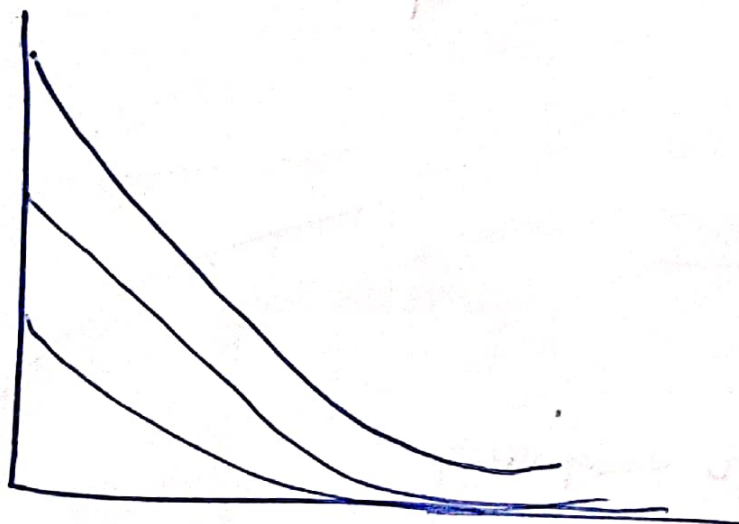

///

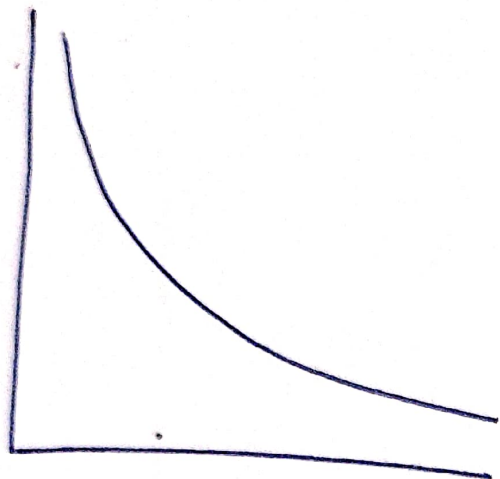

Pareto Distribution (80-20%)

Pareto Distribution

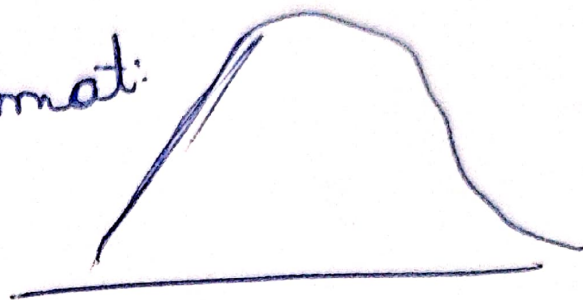

Pareto Type 2 $\alpha \uparrow \uparrow$

Box-Cox
Transform:
⇒

Eg:- ① 80% of entire project is done by
20% of the team

②
